

JUDGE BALDWIN
IS NOT BLIND

Will be in Canton to Vote
Election Day—New
York Friend Repudiates
Story Printed Through-
out Ohio.

Judge George E. Baldwin, U. S. consul at Nuremberg, Germany, was reported a few days ago as having been stricken with blindness and that his son, of New York, had gone to bring him home. The following letter received last night probably puts the matter right, and will be read with joy by all of the Judge's old friends:

"New York, Oct. 24, 1906.
"To the Editor of the Morning News:
"Canton, Ohio.

"Dear Sir:—I wish you would correct the statement which recently appeared in your valuable paper as to the health of Judge George E. Baldwin. His many friends will no doubt be glad to know that his health, as to his mind and eyesight are perfect, and never has been impaired. He has recently suffered an attack of the grip, but has sufficiently recovered from it to return to this country, on a leave of absence, which the department has granted, and he expects to be in Canton and to vote on election day.

"By doing so you will greatly oblige members of his family, and
"Yours respectfully,
"GEO. F. MILLER."

NEW DEVICE

For Measuring Sewerage
is to Be Installed on the
Canton System.

City Engineer Sarver has just returned from Columbus, where he secured a patent device for registering the amount of sewage at the disposal works. When the apparatus is installed it will indicate exactly the amount passing over the pier at any time so that they will know exactly what amount of solution is necessary for its disposal.

The apparatus is comparatively simple and consists of a roll which is revolved by an ordinary eight-day clock works. The amount of sewage is gaged by a float with a long rod to which a pencil is attached.

As the float rises or falls according to the amount of sewage, the pencil marks on the cylinder which is spaced off by inches. As the cylinder revolves it also gives the exact time. The apparatus will be installed in a few days.

While in Columbus, Mr. Sarver also inspected the sewage disposal plant there which is undoubtedly the biggest plant of its kind in the world. The plant cost an immense amount and the city spent about \$45,000 experimenting before they finally adopted that system.

The sewage first goes through large septic tanks through which water passes slowly, forming a scum on top. In this scum there are said to be certain bacteria which prey on others in the sewage below and exterminate them.

They are also building an immense dam above the city on the Scioto river from which the city will get its water supply.

The water first passes through a large settling basin in which the scum on the top is removed. It then goes into large concrete boxes where it is filtered through sand. After passing through this process the water comes out pure as crystal and sparkling and is then ready to be turned into the mains.

The system has been in course of construction for about fifteen months and is now only half complete. Columbus has an unusually large death rate from typhoid fever which is said to be caused by the water supply and if the new system will eliminate this they will feel well repaid for the enormous sum they are now spending.

Probate Court.

In re of estate of Zada Holles, Lexington township. James I. Richard appointed administrator.
In re will of William Hammer filed for probate.

BRYAN AT WOOSTER

Spoke to Opera House Crowd First and Then to 8000 in the Wooster Armory.

Wooster, O., Oct. 25.—10 p. m.—Hon. W. J. Bryan was given a whirlwind ovation here tonight. The train bearing Mr. Bryan and party reached this city at 9 o'clock. The great Nebraskan was immediately escorted to the Opera house, where he gave a 10-minute speech to the audience gathered there to witness the theatrical performance.

Then Mr. Bryan was driven to the Wooster armory, where 8000 people awaited him. When Mr. Bryan and party entered the door of the great building the people packed to the walls stood up as one and cheered the commoner until he reached his seat at the speakers' table.

Hon. M. M. Van Nest, mayor of Wooster, was president of the evening and introduced Mr. Bryan, who was again applauded until the building shook. His speech of one hour was constantly interrupted by outbursts of applause. Bryan spoke distinctly of the Ohio campaign. His every word counted for the Democratic cause in this state.

Hon. S. H. Hoskins, candidate for secretary of state, preceded Bryan with a short speech which was well received and applauded.

The Bryan train will leave this city in the morning for Orrville, Leetonia, Alliance and Canton at one p. m.

SENT TO CANTON JAIL

Ed. Sweeney Arrested at Alliance Is Wanted at Hutchinson, Kansas.

Alliance, O., Oct. 25.—Chief of Police Howell tonight received word from Kansas State Reformatory at Hutchinson, Kan., that the man, Ed. Sweeney, who was taken to the Canton jail Thursday afternoon, is wanted at the Kansas institution. Sweeney had been sent up for robbery and after serving eighteen months, was paroled.

When arraigned here Sweeney pleaded guilty to charges of carrying concealed weapons and pointing firearms. He waived examination upon charges of larceny and assault with intent to rob so was bound over upon the latter charge. The man, from his own statements, has evidently had a very checkered career.

DRAGGING THE LAKE

Does Not Recover the Body of Mayor Snyder Who Was Drowned Yesterday.

Port Arthur, Ont., Oct. 25.—After dragging the lake all day the body of Hon. Charles Snyder, a prominent Ohio politician and mayor of Dayton, who was drowned in Whitefish lake, near here yesterday, has not been recovered.

Philadelphia Theatre Scrap.
Philadelphia, Oct. 25.—In a scathing arraignment of Rev. Thomas Dixon's sensational methods, Judge Sulzberger this afternoon refused to enjoin Mayor Weaver from interfering with the production of "The Clansman," at the Walnut street theatre. Dixon is the author of the play. The court was of the opinion that beyond a doubt "the book and play had been written while the author was laboring under a sense of smarting wrong, and in heated passion."

The theatre, however, will not lose its license, as Mayor Weaver stated his action in suppressing the production was not directed against the theatre, but against the play. After the decision was announced, the author said:

"It is a grave commentary on civilization that a mob of rioters can constitute themselves the censors of the drama and by a criminal act close a historic theatre, and suppress free speech in a city which was the birthplace of American freedom."

Welty Enters Mahoning.
Salem, O., Oct. 25.—Tonight at Berlin Center, Hon. John C. Welty, the Democratic congressional candidate, invaded his opponent's home county, and spoke before a good sized audience. Mr. Welty, who had been accused by Congressman Kennedy of being a free trader, made of his address a reply to Mr. Kennedy, and exposed the latter's record in the last two congresses. Hon. Atlee Pomerene of Canton was also present and spoke in behalf of Mr. Welty's candidacy.

Auto Show at Stockholm.
Stockholm, Oct. 25.—Sweden, Norway and Denmark are to co-operate in a monster motor show at Stockholm, next year. Manufacturers of all nations will be asked to send exhibits and many matters pertaining to the use of motor conveyances will be discussed.

The true value of glasses lies mainly in the ability of the man who fits them. Walter H. Double, opt. court house.

FOWLS WILL
BE CHEAPER

Supply of Poultry is Good
and Prices Likely to Be
Reasonable.

If somebody does not corner the market, Thanksgiving poultry will be reasonable this year. Indications are that chickens are very plentiful and although turkeys are not so plentiful as the hens there will be no famine in them. Prices, according to dealers yesterday, should be very reasonable this year.

"Farmers are beginning to realize the value of poultry on their farms," said a merchant yesterday, "and some of them are going in for it every year. This means, naturally, an increased supply. Coming from so many different places it is almost impossible to corner the supply, for farmers, above all others, fight shy of trust schemes. They would rather go into the open market and sell their product."

"Another thing which ought to make turkeys cheaper in this country at Thanksgiving is the fact that Canada held its Thanksgiving day last week, a month ahead of our date. In former years Canada consumed all of its own fowls and sometimes sent to this country for supplies. It is different now. A considerable quantity of poultry may be imported to this side of the line if the supply here is found to be below the normal."

HIS LEG CRUSHED

Youth Who Worked for Canton Bridge Company, Was Caught by Small Car Used for Transferring Iron Bars, Etc.

Richard Christian, Jr., of 2460 Trump avenue, was run over on the switch of the Canton Bridge company about noon Thursday and had his leg so badly crushed that amputation was necessary. Miller and Blanchard's ambulance was called and the young man was hurried to Aultman hospital. On examination Dr. S. B. Post found the limb so badly crushed that amputation was necessary several inches above the knee.

The wheel had also passed over part of his right hand and parts of three fingers were amputated.

Christian, who is an employee of the bridge company had gone out into the yard where they were shifting cars. In some manner he was caught by one of the cars and thrown under. The wheel passed over the knee joint and down almost to the ankle. In throwing out his hand to save himself, that too, was crushed.

The young man is 16 years of age and is the son of Mr. and Mrs. Richard Christian, Sr., of 2460 Trump avenue.

WELCH-GAPE.

The marriage of Miss Olive Welch, daughter of Mr. and Mrs. Thomas Welch of West Seventh street, to Thomas W. Gape, occurred Thursday evening at 6 o'clock at the parsonage of Rev. Father Hassel, of St. Mary's Catholic church. Only immediate relatives of the families were present at the parsonage. The bride was attended by Miss Alberta Gape, a sister of the groom. Leonard Gape attended the groom.

After the wedding ceremony a sumptuous supper was served at the bride's home to about 40 guests. Mr. and Mrs. Gape succeeded in eluding their friends after an hour and left on their honeymoon to Chicago and western points at 9:30 o'clock. They will reside in the Werner apartments on North Market street, after their return.

GANS WILL FIGHT.

Milwaukee, Oct. 25.—Joe Gans will fight attiling Nelson again, and he will accept the Dane's proposition to give the entire receipts to charity. Gans will meet Billy Nolan, manager of the Dane, in Chicago, tomorrow and it is probable that terms for another match may be decided upon.

The largest single gift ever received by the University of California is the estate of M. Theo Kearney, of Fresno. Mr. Kearney bequeathed his entire

Oysters and C'm Chowder, "The Delmont," just below the Square.

BRYAN AT SALEM

Will Make a Rear Platform Speech in the Midst of the Manufacturing District.

Salem, O., Oct. 25.—Salem Democrats have prepared for a rousing reception to Hon. William J. Bryan, Hon. John C. Weitz and their party here Friday. A well attended mass meeting of Salem Democrats was held tonight at the city hall to complete preparations for Mr. Bryan's reception, and much enthusiasm was manifested.

There is every assurance that an unparalleled crowd will turn out to hear Mr. Bryan. He will not leave the train here, but will speak for half an hour from the rear platform of his train. Arrangements have been made to detrack the train in the heart of the manufacturing district of the city, and as it will arrive here just at noon, when the workmen are starting to dinner, it is assured that practically every member of labor's army in Salem will assemble to hear the great commoner. Hundreds of Republicans, who respect Mr. Bryan as a man, if not impressed with his political beliefs from town and the surrounding country, have signified their intentions of being on hand. Salem Democracy anticipates a red letter day, and many prominent members of the party from here will attend the Canton meeting later.

NEWS OF COURTS

BEELEY WAS RELEASED.

John Beeley, marauder and police force of a neighboring town, who got on a spree here Wednesday evening, felt rather blue when arraigned before the mayor yesterday morning.

He had a good heart to heart talk with his honor in which he said that in his long experience he figured often in arrests but that this was the first time somebody else handled the keys. After he got that off his mind he felt better and calmly admitted that Beeley was only his stage name. He even admitted that he was drunk.

Such frankness is rarely seen and secured him his release with the warning never again to so recklessly abandon his town to its fate.

PAT HIT CANTON AND FIREWATER.

Patrick Sammon, a traveling man, was arrested by Chief Smith early last evening on a charge of intoxication. Pat was badly in, and when Joe Rigler asked for his name all he could say was fish. Joe made a few guesses and had almost given up when Pat said a salmon can and said "that's me." Pat was highly indignant over his arrest and threatened to bring action against the chief.

As he had only arrived yesterday morning he was not yet accustomed to Canton water which was the cause of his downfall.

MIRACULOUS EXPERIENCES.

Lee Mathias, a miner from Osnaburg, came to Canton yesterday for supplies. After he had made his purchases he found he still had a substantial sum left and started in to celebrate.

When found by Officer Pat Riffe about 9 o'clock, it was evident he had succeeded beautifully. As his supply of cash was running out he shrewdly decided to make the most of it while it lasted and started to drive his horse from Fifth street up the W. & L. E. railroad towards the brewery, where he could get wholesale rates. How the horse managed to cross the trestle over the run in a mystery but when Riffe arrived the rig was caught in a switch. After a hard pull Riffe managed to get the wheel free and out on the street just before a north-bound train passed. When the officer unloaded the rig at the station he almost had heart failure. The load consisted of four 25-pound boxes marked high explosives which were found to be dynamite cartridges for use in the mine.

That they stood all the jolting over the ties is a wonder and if they had exploded it would have cleaned up the east end.

NO DOGGIE YET.

Regardless of the orders from Chief Smith, the bull dog, belonging to James Ryan, which attacked and bit a man Tuesday evening, was not turned over to the police department. An officer called at the house but could not find the dog.

If the animal is not brought up by 8 o'clock this morning it will be shot as it is considered dangerous.

Belgium Printers Strike.

Brussels, Oct. 25.—Charging that the printing house of Desclée and Desclée at Tournai, is selling bibles so cheaply that their employees make less than living wages, the men have struck for higher pay. The printers and binders say enormous quantities of the bibles are exported and sold, particularly in Wisconsin, while the firm's employees receive but 50 to 70 cents daily.

NEW STATUTE WILL CAUSE
A FALLING OFF OF VOTES

It Is Predicted That There Will Be Many Disfranchised From Voting at Fall Election Owing to the New Naturalization Law—Matters Can Be Easily Remedied.

Yesterday, while discussing the falling off of naturalization papers, several prominent attorneys stated that it was their opinion that there will be a decided increase in naturalization in this country after the election. It is the belief that no small number of foreigners have been disfranchised for this election by the naturalization features of the new statute, and that many persons will have to get naturalized who never thought there was any necessity for their doing so, in order to be able to vote hereafter.

"I have no doubt that there will be a falling off in this district of the votes this fall due to the failure of citizens to provide themselves with duplicate copies of their father's naturalization," said a prominent attorney yesterday. "This must be remedied immediately after election by the securing after the election of such duplicates or the naturalization of persons themselves."

"This matter does not present any difficulty and will require but a short time in each case."

"There are quite a number of foreigners in this congressional district who came to this country when children and who believed themselves to have the right to vote and acted accordingly. The naturalization of such persons does not require any preliminary declaration of intentions. They have only to present themselves before a court and answer such questions as the court may desire to ask to get their papers, to which nobody will deny they are entitled."

"Not long ago a court in another state rendered a decision to the effect that an applicant for a liquor license must either be a native born citizen or have been personally naturalized."

"It will be the same way now in order to establish citizenship. There is no doubt but what there are a large number of foreigners who know that their fathers were naturalized, but cannot tell when and where, and owing to this, in order to vote, they must get papers of their own."

DAMAGE CASE SETTLED.

The case of Leo C. Neischutz vs. R. H. Leach for a judgment of \$2000 for personal damages was settled out of court yesterday by the payment of \$125 by the defendant. The plaintiff claimed that a result of a collision, due to the defendant's carelessness while driving an automobile, a motorcycle valued at \$125 was destroyed and that he sustained personal injuries that prevented him from working for two weeks.

Attorney Austin Lynch represented Leach and Attorney Wertz the plaintiff.

MAY APPEAL CASE.

According to a statement of Attorney Allee Pomerene, of this city, the case of Frank O. Stevens, of Millersburg, sentenced to life imprisonment last winter for the killing of Joseph Burk on a ginseng farm near Osnaburg last November, may be carried to the supreme court. But such an action is not a certainty as yet. Recently the circuit court of this district sustained the verdict of the common pleas which was of murder in the second degree. Stevens, it is stated, is urging his counsel to carry the case before the state's highest tribunal.

PETITION IN ERROR.

Attorneys Brancher, Sterling, Ake and Day have filed a petition in error before the circuit court in the suit of M. Barb Dorrance vs. Mary M. Oliver, arising over a lumber contract. The plaintiff in error claims there is error in the record and proceedings in common pleas and he wants the findings in that court reversed and asked that all things he has lost be restored.

ASSIGNMENT OF CASES.

The seventh assignment of civil cases to be tried at the present term was made yesterday to Judges Harter and Ambler. Including motions, twenty-seven have been given the former and twenty-eight to the latter. Judge Harter will hear the following:

Monday, October 29—Motions, Zolars et al. vs. Reem et al.; Edwards & Co. vs. Bodrof; Reynolds vs. Mo-

Dowell.
Tuesday, October 30—McCoy et al. vs. Hankins et al.; Schlott vs. Canton City; Criswell vs. Canton City; Bur-gunder Bros. vs. Bloomberg et al.; Henderson vs. Canton.

Wednesday, October 31—Berger vs. Pierce et al.; Ressler vs. Alliance; Henderson vs. C. A. Ry Co.; Wise vs. Globe F. & C. Co.; Acme Food Co. vs. Paul.

Thursday, November 1—Essig vs. Diamond P. Cement Co.; Glosier vs. Canton Provision Co.; Brooks vs. the C. A. Ry. Co.; State of Ohio vs. Schlitz; Talbot vs. Glyler.

Friday, November 2—Ketter vs. Massillon Coal Mining Co.; Witter vs. Hosler et al.; Smith vs. Fraley et al.; Niagara Rag Co. vs. Canton Junk Co.; Balizet vs. Brumbaugh; Smith vs. C. A. Ry.; Smith vs. C. A. Ry.

Cases to be tried by Judge Ambler are as follows:

Monday, October 29—Motions, Jury cases, Define vs. Massillon Savings and Bank Co.; White's admr. vs. Diamond Portland Cement Co.; Wagner vs. Wagner et al.; Wagner vs. Wagner et al.

Tuesday, October 30—American Specialty Mfg. Co. vs. Feller; Stier vs. Haldi; Davis vs. Alliance City; Miller vs. Pennig Co.; Graham vs. Ins. Co.; Midway vs. Krupp.

Wednesday, October 31—West Penn F and Mch Co. vs. United Steel Co.; Lamborn vs. Penna. Co.; Gesaman vs. Jones et al.; Miller's trustee vs. White et al.; Midway vs. Laech; Graham vs. Ins. Co.

Thursday, November 1—Brunswick-Balke Collender Co. vs. McCrea; Dettmer vs. Harter; A. Rotter & Co. vs. Bucher & Gibbs Plow Co.; Canton Metal & Broom Co. vs. Kramer; Tre-cott vs. Dennison-Kaylor-Trescott Co.; Evans vs. Massillon Coal Mining Co.
Friday, November 2—Shaffer Agt. vs. Espey et al.; Richards' receiver vs. Teplansky; Guella's admr. vs. Steiner Coal Co.; Pontius-Barry Co. vs. Heltzel; Hess vs. Ray; Ohio-Larkin vs. Meinhart.

BLIND CHILDREN.

As long as Judge Bow has been in office he has never received an application for the education of blind children at Columbus.

"The reason for this," said he, "is because the parents have means to give them a good education and do not ask the county for assistance. But, of course, they are generally sent to the college, though this makes no difference. I had a deaf and dumb child sent to Columbus."

It is the fact that no blind child being educated by the county consideration, Stark county is exceptionally fortunate in this respect, according to statistics, nearly every county has at least two or three in the institution at the state school.

Mayor After Phones.

Chicago, Oct. 25.—The Chicago Telephone company must make a definite offer to Chicago for cheaper service to subscribers or franchisees will be granted to whatever corporation proposes the best terms to the city. Mayor Dunne issued this announcement of his policy today. He demands promptness, too.
